Keynote Speaker: Glenn J. Kimber

Glenn Kimber was born and raised in northern Utah. After graduating from High School he attended Weber State College. In 1965 he married Julianne Skousen and shortly thereafter he joined the Air Force where he served for 4 years, including a tour of duty to Vietnam.

Upon returning from Vietnam, Glenn continued his university studies graduating with a Bachelor's Degree in Accounting from Brigham Young University. He then joined with W. Cleon Skousen in establishing an educational foundation called the Freeman Institute, which was organized for the purpose of teaching American History and Constitutional studies. During the next several years, Glenn and Cleon Skousen presented patriotic seminars and conferences in all 50 states and in a number of foreign countries.

Glenn continued his education, receiving two Doctorate degrees, one in Constitutional Studies in 1992 from Coral Ridge Baptist University, based in Florida. He continued his educational pursuits and received a second Doctorate in education from George Wythe College.

He and his wife established a series of private schools, K-12, to incorporate a strong moral and patriotic curriculum back into the classroom. They have authored over 100 textbooks and educational guides which emphasize the U.S. Constitution, America's Founding Fathers, and moral and religious values in all five core subjects.

Dr. Kimber was instrumental in developing a program for television called "The Miracle of America", which was presented in a number of states. This series taught American history and Constitutional principles from the viewpoint of the Founding Fathers. In addition, he has testified before a number of legislative committees in several states pertaining to Constitutional and educational issues, and has also been a guest on a number of radio and television talk shows.

Currently, Dr. Kimber is the president of the Thomas Jefferson Center for Constitutional Studies, and in that capacity conducts seminars throughout the United States called "The Healing of America."

Glenn and Julianne are the parents of eight, grandparents of 27, and currently reside in Salt Lake City, Utah.
